

## QUEST ShredMill

QUEST ShredMill is a member of the Secure Document Alliance (SDA).

SDA is a 501(c)6 non-profit organization which was founded in 2005 by non-profit agencies to increase the amount of meaningful employment opportunities for individuals with disabilities. SDA represents non-profit organizations nationwide that provide document destruction services for government agencies and businesses alike. QUEST ShredMill is proud to be a member of the SDA.

## All Shredding Companies Are Not Created Equal!

- QUEST ShredMill is a local 501c3 Not For Profit Company in the State of Ohio.
- QUEST ShredMill employs members of your local community to process your secure documents.

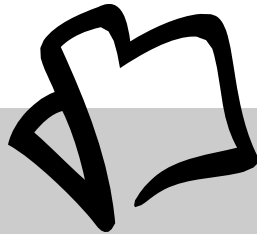

- QUEST ShredMill uses accepted practices for Secure Document Destruction, of the Secure Document Alliance (SDA) and the National Association of Information Destruction (NAID).

- QUEST ShredMill Employees have all completed and passed criminal background checks.
- QUEST ShredMill saves your company money by not shredding on site, and processing your documents at their Secure Recycling Center.

## QUEST ShredMill Employs Members of Your Local Community

- QUEST ShredMill does not shred onsite in a parking lot, or on the street burning diesel fuel, and overcharging clients with an added fuel charge.
- QUEST ShredMill does not shred in a parking lot , or on the street where Secure Documents can blow away with the wind, or be seen by persons that may steal identity information.

- QUEST ShredMill does not take their shredded paper to a recycling center, or land-fill, and dump the shredded secure documents on the ground.

- QUEST Shredmill sorts all paper by grade, shreds the documents, and bales shredded paper in 3' x 3'x 6' bales, and sends those bales to pulping companies in the USA for processing.
- QUEST ShredMill does not add on to the cost after quote. Your company pays a fixed per pound cost, or a fixed container cost.

## QUEST ShredMill

QUEST ShredMill began shredding in March of 2009.

QUEST ShredMill sorts paper to the highest select sort possible. This assures the recycled paper can be reused for consumer products in the United States.

QUEST ShredMill is capable of shredding and bailing up to 1 ton of paper per hour. All paper is shredded to industry standard 5/16" for secure shred. All paper is then baled into a 3' x 3' x 6' bale and shipped to pulping mills inside of the United States. At no time is the shredded paper sold to off shore processors. Your documents are secure from the time they leave your business, until they are shredded, baled, and pulped at our businesses.
